Warrant for the One Hundredth and
Sixty-second Annual Town Meeting
STATE OF NEW HAMPSHIRE

(L.S.)

To the inhabitants of the Town of Northfield,
in the County of Merrimack, in said State, qualified
to vote in town affairs:

You are hereby notified to meet at Northfield
Town Hall, in said Northfield, on Tuesday, the
tenth day of March next, at ten of the clock in the
forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the
year ensuing.
2. To raise such sums of money as may be neces-
sary to defray town charges for the ensuing year
and making appropriations of the following:
 1. Town officers' salaries
 2. Town officers' expenses
 3. Election and registration expenses
 4. Expenses of Town Hall and Church
 5. Police Department
 6. Fire Department (out of precinct fires)
 7. Health Department
 8. Vital Statistics
 9. Town Road Maintenance
 10. General Expenses of Highway Department
 11. Sewer Maintenance

12. Old Age Assistance
13. Town Welfare and Relief
14. Care of Town Cemeteries
15. Interest on Notes
16. Payment on Principal of Debt

3. To see if the town will vote to raise and appropriate the sum of \$400.00 for White Pine Blister Rust Control.

4. To see if the town will vote to raise and appropriate the sum of \$1000.00 to the Tilton-Northfield District Nurse Association.

5. To see if the town will vote to raise and appropriate the sum of \$100.00 to the Franklin Hospital Association.

6. To see if the town will vote to raise and appropriate the sum of \$1000.00 to the Hall Memorial Library.

7. To see if the town will vote to raise and appropriate the sum of \$50.00 for Memorial Day exercises.

8. To see if the town will vote to raise and appropriate the sum of \$500.00 to provide for additional fire, police and health protection due to the war emergency.

9. To see what action the town will take in regard to construction of Class V highways under the supervision of the State Highway Department, Town Road Aid System. (If aid is desired under this provision, the town must raise \$563.48, and the State will contribute \$2253.93.

10. To see if the town will vote to accept State Aid Construction. If aid is desired under this provision, it must be expended on the Belmont Road (so called), and the state will contribute \$1711.00, provided the town raises \$1711.00.

No town may receive both Class V and State Aid construction in the same year.

11. To see if the town will vote to raise and appropriate the sum of \$114.00 to the Lakes Region Association of New Hampshire to assist in Planning and Development of the town and for the issuance and distribution of printed matter and newspaper and magazine advertising calling attention to the resources and natural advantages of the town, in cooperation with others towns in the Lakes Region. (By request).

12. To see if the town will vote to adopt the provisions of the Municipal Budget Act.

13. To see if the town will allow the selectmen to borrow money in anticipation of taxes.

14. To see if the town will vote to accept the reports of the officers as printed.

15. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-first day of February, in the year of our Lord, nineteen hundred and forty-two.

ALBERT A. CARR,
VINCENT P. LEARY,
JOHN C. LUCIER,
Selectmen of Northfield

Budget

Estimates of Revenue and Expenditures for the ensuing year February 1, 1942 to January 31, 1943 compared with Actual Revenue and Expenditures of the previous year February 1, 1941 to January 31, 1942.

Tilton and Northfield Fire District Warrant

To the inhabitants of Tilton Fire District, qualified to vote in District affairs.

You are hereby notified to meet in Tilton Town Hall, Friday March 13, 1942, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator to preside in said meeting.

2. To choose a Clerk for the ensuing year.

3. To choose a Treasurer for the ensuing year.

4. To choose three Firewards for the ensuing year.

5. To choose an Auditor for the ensuing year.

6. To hear the reports of the Treasurer and Firewards and pass any vote relating thereto.

7. To see how much money the District will vote to raise for the pay of Firemen, Night Watchman and other incidental expenses.

8. To see what action the District will vote to take in regard to renewing the Lighting Contract, and raise money for the same.

9. To see what action the District will vote to take in regard to renewing the Water Contract for Hydrants and raise money for the same.

10. To see if the District will vote to install a Fire Hydrant on West Main Street and raise money for the same.

(By Petition).

11. To see if the District will vote to raise and appropriate the sum of Four Hundred Dollars (\$400.) for the purchase of an Artificial Respirator.

(By Petition).

12. To see if the District will vote to raise the sum of sixty-six dollars (\$66.) to pay for additional insurance for the protection of Firemen. The Premium to be raised annually.

(By Petition).

13. To transact any other business that may legally come before the meeting.

Given under our hands this twenty-fourth day of February 1942.

HERBERT A. DOLLEY,
CLINTON F. PRESBY,
Firewards.

Forest Fire Warden's Report

The 1941 fire season was the worst on record in the State of New Hampshire. More fires occurred, more area was burned over, greater damage was done to woodlands, higher losses were sustained in other real property burned and the cost of suppressing fires was greater.

There will, perhaps, never be more ideal conditions for fire than existed in 1941. A scarcity of rain left the forests in a highly inflammable condition. The accompanying high winds spread fires with almost lightning rapidity through the parched forest lands. These conditions, coupled with human carelessness, made 1941 outstanding in the state's forest fire record.

As we approach the 1942 fire season, we wonder just what may be in store for us. The woodlands are in as critical condition as they were last year, if not more so. Blown down trees still clutter sizeable acreages of our woodland areas; the increased tempo in lumbering operations due to war demands are each day, adding to the fire hazard an ever increasing number of acres of slash land; and we face the coming fire season with greatly reduced personnel, due to the shifting of men from our small communities into the armed

forces of the country and into defense industries. If, however, everyone will be careful, if they will following the rules and regulations laid down for the use of fire in and around woodlands, much of our difficulties will be eliminated—our fires kept few in number with a consequent saving of expense to town and State.

There are so many possibilities for trouble this year it will require the whole hearted and patriotic cooperation of everyone concerned if we are to avoid serious difficulties. Persons hostile to the best interests of our country and subnormal individuals affected by the excitement of the times may easily cause tremendous confusion and disruption of local activities by deliberately starting fires in our woodlands. Suspicious circumstances connected with every fire should be made known to the proper authorities. Wardens and Deputies are being instructed this year to investigate all fires carefully. Parties at fault will be held strictly responsible. With our forces weakened, it becomes more necessary for everyone to comply with regulations which have been set up to govern the use of fire in our woodlands. These are briefly as follows:

1. Secure a permit from your local forest fire warden to burn brush or other debris in or near woodlands, or where fire may be communicated to such lands, once the snow has left the ground. Violation of this requirement makes the responsible party liable

- a. To a fine not to exceed \$500.00 or imprisonment of not more than one year or both.
- b. To the town for expenses incurred by the warden in attending or extinguishing such fire.
- c. For damage to abutting owners if fire runs upon abutters' property.

2. DON'T drop or throw from any vehicle while same is upon a public highway or private way and DON'T drop, throw or otherwise deposit on or near woodlands any lighted match, cigar, cigarette, live ashes, or any other substance liable to cause a fire.

Violation of these prohibitions penalizes whoever is found guilty with a fine of not more than \$25.00.

3. DON'T fail to promptly notify your local warden of any fires you see.

The 1941 fire record for Northfield is as follows:

Number of fires	5
Acreage burned	5 $\frac{1}{4}$
Cost of suppression	\$55.95
Number of permits issued	36

HERBERT A. DOLLEY,
Forest Fire Warden.

VIVIAN M. JENNINGS.

Report of District Nurse

For the fiscal year February 1, 1941 to January 31, 1942.

Home and office calls were as follows:

Office visits	1401	Medical	599
Home consultations	145	Surgical	294
Welfare visits	105	Orthopedic	177
Pre-natal	56	Tuberculosis	7
Post-partum	92	Eye	13
New baby	85	Tonsil	46
Child health & toxoid	20		
Total			3040

A tuberculosis clinic was attended by 36 children and 15 adults. Six new adult cases were detected but none were active. Two new hilus cases were found among the children and sanatorium treatment has been started for one. Nineteen others showed improvement and 13 had negative reports.

Forty-six children received a medical examination at a child health conference and twenty had toxiod treatment.

The following number of patients were accompanied to clinics: to Franklin 1, to Laconia 30, to Concord 5, and to Manchester 11.

A series of health classes was arranged for with a different speaker for each class, talking about various diseases and preventable measures.

We are grateful to the Woman's Club and the American Legion for their cooperation.

Mrs. Winifred Carter was the substitute nurse during vacation and Mrs. Bette McDermott has acted as assistant while the usual nurse has been doing school work.

The nurse has served with the American Red Cross in organizing Home Nursing classes.

Grateful acknowledgment is made of the continued support of the members of the association and of the loyal cooperation of friends of the association.

Respectfully submitted,

LURLINE H. McCOOK, R. N.

Annual School Meeting Warrant

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Tilton and Northfield Union School District qualified to vote in district affairs:

You are hereby notified to meet in the High School Auditorium in said District on Wednesday, the 11th day of March 1942, at 8:00 p. m., to act on the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. (a) To choose one member of the School Board to hold office for three years, to fill the vacancy arising from the expiration of the term of office of Archie Grevior, and
(b) To choose one member of the School Board to hold office for three years, to fill the vacancy arising from the expiration of the term of office of John W. Crawford.
5. To choose one or more Auditors for the ensuing year.
6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
7. To determine and appoint the salaries of the school board and other district officers.

8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools, and the payment of the statutory obligations of the district, as determined by the School Board in its annual report.

9. To see if the district will vote to raise and appropriate the sum of Five Thousands Five Hundred Dollars (\$5,500.00) to be applied on the deficit this current year, or pass any vote relating thereto.

10. To see what action the district will take in the matter of protection in the war emergency.

11. To transact any other business that may legally come before this meeting.

Given under our hands in said Tilton, the fourteenth day of January, 1942.

JOHN W. CRAWFORD,
WINNIFRED F. WALKER,
ARCHIE GREVIOR,
HELEN T. RANDALL,
JOEL E. NORDHOLM,
School Board.

A true copy of Warrant: Attest—

AUDITOR'S REPORT

I have examined the accounts of the school board and treasurer and find them correctly cast and properly vouched for this year ending June 30, 1941.

Tilton, N. H.	FRED G. WILMAN,
July 10, 1941.	Auditor.

Tilton and Northfield Union School District

BUDGET 1942-1943

School Board's statement of amount required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1942.

Detailed Statement of Expenditures

Support of Schools	High	Elementary	Total
Teachers' salaries	\$12,780.00	\$19,520.00	\$32,300.00
Textbooks	400.00	950.00	1,350.00
Scholars' supplies	800.00	1,200.00	2,000.00
Flags and appurtenances		25.00	25 00
Other expenses of instruction	200.00	150.00	350.00
Janitor service	1,133.72	1,863.28	3,000.00
Fuel	850.00	1,350.00	2,200.00
Water, light, janitors' supplies	466.67	933.33	1,400.00
Health supervision	200.00	300.00	500.00
Transportation of pupils		6,500 00	6,500 00
Minor repairs and expenses	350.00	350 00	700 00
Elementary tuition		36.00	36.00
New equipment	500.00	300.00	800.00
Total			\$ 51,161.00
Other Statutory Requirements:			
Salaries of district officers		\$ 290.00	
Census		32.00	
Superintendent's salary		850.00	
Per capita tax		1,356.00	
Insurance		752.00	
Payment of district debt		4,000.00	
Payment of interest on debt		1,778.00	
Administration		1,150.00	
High school tuition		75.00	
Total			10,283.00
Amount required to meet School Board's Budget			\$ 61,444 00

Estimated Income of District

School Board.

Report of the Superintendent of Schools

To the Members of the School Board, Parents, and
Voters of the Tilton-Northfield Union School
District:

Since December 7, 1941, the calm manner of our living and working has been radically affected. It is apparent now that as each month advances we shall need to adjust ourselves to rapid changes, to shortages in personnel and materials, to curtailment of activities, and to the development of new skills in everyday living. The day on which you may read this report will bring its demands which may be much different from those on the days in which this is being written. Come what may, this is being prepared to give you a brief summary of the year's responsibilities and achievements and not to forecast the future.

TEACHERS

The demands of the Selective Service Act, of the local situation, of industry, and of other school departments brought several changes in our teaching force.

At the Tilton-Northfield High School, the shift in personnel was greatest. Miss Ann Donovan accepted a position with the Concord Electric Company as Home Demonstrator in June. Miss Harriet J. Nissen, of Hillsboro, recent graduate of Nasson

College, Springvale, Maine, was selected to teach elementary science and domestic science in the junior high school, and to coach girls' sports.

Miss Margaret M. Gibbons, as Mrs. James J. Duggan, relinquished her position in June. Her successor is Miss Shirley J. Smith of Chilmark, Mass. Miss Smith taught Home Economics subjects for two years in Moriah, N. Y. following her graduation from the Framingham, Massachusetts Teachers College in 1939.

Carl A. Johnson, a member of the staff for the last half dozen years, requested a release from his contract late in August, to become affiliated with the Fellows Gear Shaper Company of Springfield, Vermont. It was impossible to secure some one to take his schedule so there have been some revisions in the high school timetable. A portion of this work has been taken by George P. McClorey of Queens Village, L. I., graduate of Rutgers University, and summer tutor in Waverly Camp near Concord.

Paul C. Perkins started work at the Portsmouth Navy Yard at the close of the school year. To fill his position in the Shop, Willard K. Holt of Milford, teacher in the N. Y. A. Resident Center of Berlin, was employed. Mr. Holt suffered a nervous breakdown soon after school opened and has not recovered sufficiently to return. Arthur W. Abbott, well-known Tilton carpenter and builder, graduate of Wentworth Institute, has been secured to substitute.

S. Gordon Smith resigned in February to take

effect in June. Keith L. Crockett of Rockport, Maine, graduate of the Gorham Maine Normal School, a teacher and principal of elementary grades, is now teaching the social studies in the high school and coaching the boys in athletics.

Miss Alice M. Upton accepted a position in a South Orange, New Jersey junior high school and Ernest F. Fiske of Keene was employed to teach classes in high school English. Mr. Fiske was graduated from the Keene Teachers' College and has studied at the University of New Hampshire. He is a talented musician and arouses in our pupils some new interests in this field.

At the Union School, the teachers accepted contracts so this vital section of our educational system has been subject to few teacher adjustments. To the staff was added the services of Miss Marion E. Dearborn, former teacher at the Lochmere School.

All of these new teachers have some well-developed skills in music, sports, handicrafts, speaking, or cooking, and are adding much to the contributions the other teachers have always been rendering.

SCHOOL USED, PUPILS ENROLLED, TEACHERS EMPLOYED

The table gives information on school buildings used, pupils enrolled and teachers employed in September, 1941.

School	Grade	Enrollment	Teacher

LOCHMERE SCHOOL

The Lochmere School was closed in June 1941 for an indefinite period. The few pupils attending were transported to the Union School. Oak Hill is the one remaining rural school now open and that may be closed in another year.

PROGRESS OF PUPILS

The nine teachers at the Union School now furnish an adequate staff to arrange the pupils in small groups so they may be advanced as rapidly as they can learn. Promotions, or advancements, come frequently, not particularly at the close of the school year in June. In Reading the pupils are taught at the level at which they can learn best rather than to put before them the material at the grade level in which they might be classified in year-by-year attendance. The work of the fourth grade in Reading is started with a normal or average pupil after he has attended three school years. The work of the seventh grade is started by the normal or average pupil after he has attended six school years. During these three-year intervals, advancements may come at any time, not necessarily in June. Success in Reading is fundamental to most other school subjects so our primary consideration is the pupil's adjustment to and achievement in Reading. Teachers are instructing groups on more than one ability level. In each classroom there may be three or four of these groups, each with its own rate of advancement. The group in which a pupil is placed depends on his ability to read and his social adjustment. The fine progress of our pupils and the interest of the teachers in this program merits our praise.

LIP READING CLASS

In 1939 the New Hampshire Legislature enacted a law to provide for the education of hand-

capped children, either through their transportation to a school or by having a special teacher train them at home. In this district there are a few pupils with impaired hearing, who needed lip reading instruction in order to be more successful in their school work. Mrs. Marjorie Cannon Robert, experienced classroom teacher in Vermont and teacher of hard-of-hearing pupils in New York City, was certified by the State Board of Education and employed by the School Board to teach pupils in her home from 8:15-8:45 on Monday, Wednesday and Friday mornings. This instruction has proved of much value to the pupils enrolled.

CHANGES IN BUILDINGS AND GROUNDS

Health Room at the High School:

In a small room adjacent to Room 10, the School Nurse has been provided with a health room for the examination of pupils. A second exit from this room has been made by installing a door in the partition near the teachers' rest room.

Drinking Fountain at the High School:

The two drinking fountains installed when the building was erected have proved insufficient to care for the needs of over three hundred pupils. Additional fountains have been purchased and put in each lavatory and in the gymnasium, a number large enough to satisfy the normal demands of thirsty pupils.

Reduction in Size of Firebox in High School Furnace

Ways to economize have been sought. The firebox of the large boiler at the high school was

more than adequate for the size of the building and was consuming more coal than needed to heat the school. A brick arch has been placed in the back of the firebox, reducing its length about one-fourth. Less coal is being consumed and there is sufficient heat even on the coldest days.

Driveway and Parking Area at the High School:

The untreated gravel driveways around the high school building were a source of abrasive material which was rapidly wearing the floor coverings and finish. The School District voted the funds to resurface these and Mr. Roy Lavigne did the work at cost. Before the job was accomplished it was necessary to excavate a section of the west driveway after the mud season, and to put in a heavier gravel base before adding the asphalt. The hard-surface driveways complete most of the outside work at the new high school building and prevent sand from being tracked into the structure to wear the floors.

An unused area between the lawn and the concrete surface of Route 3 has been made into a parking place. The Telephone Company reset poles to the edge of the lawn. The Tilton Highway Department, through Mr. Walter Daniels, graded, graveled, and hard-surfaced the area. We are grateful for this service.

Additional Classroom at the Union School:

A room on the ground floor of the Union School has been converted into a classroom for a portion of the sixth grade. This was originally a classroom

but more recently it has been a storage space.

Desk Tops Refinished:

Desks are expensive to buy. The part which has the greatest wear is the top. At the Union School, the desk tops in more than half of the classrooms were resurfaced during the summer by a man whose business it is to sand and finish interiors of structures. By this inexpensive means we have provided work spaces which are as satisfactory for our purposes as new desks.

Forge Flue at the High School:

In the Shop, because of the lack of a flue for smoke discharge, metal work in forges has had to be done out of doors on warm days. Recently, a metal duct with a capacity of two forges has been placed within one of the large ventilating shafts of the gymnasium.

The Red Barn:

The School District owns a red barn off Winter Street. The matter of moving this near the woods at the rear of the high school building and converting it into additional shop space has been considered seriously. The boys enrolled in Shop courses cannot do the moving but they can do much of the remodeling and painting. This structure would provide a place for the repair of large machines, small building construction and, possibly, training in Agriculture.

NATIONAL DEFENSE TRAINING PROGRAM

The Federal Government, through the National Advisory Board, has urged small high schools to

offer courses to Out-Of-School Youth between the ages of 17 and 25. The suggested courses were:

Trucks and Automobiles: care, repair, and maintenance.

Woodworking; including the construction of buildings, painting;

Metal Work; including forge welding, drilling and cutting metal, tinsmithing, and machinery repair of all kinds;

Elementary Electricity; including repair of electric motors, installation and wiring, care and operation of electrical appliances.

The Federal Government paid the cost of heat, light, janitor service, instruction, materials, extra equipment, and replacements.

The local advisory board consisted of Mr. Carl Hanson, Mr. Frank Hersey, representing Agriculture; Judge John W. Crawford, Mr. Emery Thibodeau, representing Employers; Mr. Edmund Dickerman (Mr. Wilbur Heath), Mr. James Duggan, representing Employees.

In the red barn off Winter Street, young men received instruction in the care, repair, and maintenance of trucks and automobiles for a ten-week period last spring. The class of fifteen was instructed by Mr. Earl A. Bryenton, a very competent automobile mechanic, from 6:45 to 10:30 on Monday, Tuesday, Wednesday, and Thursday evenings.

USE OF THE HIGH SCHOOL AUDITORIUM FOR PUBLIC PROGRAMS

The School Board has approved regulations for

the use of the high school auditorium for public programs, which were put into effect January 13, 1941.

1. The fee for the use of the hall for public programs or basketball games shall be \$4.50, \$2.00 of which shall be for janitorial service. The fee is payable in advance. The regular high school janitor acting in the capacity of special officer shall collect the fee before the program or the game starts and take therefrom his portion, paying the balance to the Supervisory Union Clerk.

2. For rehearsals or practice games the fee shall be \$1.25 for the use of the hall plus the established charge for the janitorial service.

3. In basketball a list of the members of the squad for practice shall be submitted to the superintendent of schools at the beginning of the season. No individual whose name is not on the list shall be admitted by the janitor to the gymnasium for practice.

4. If a local athletic group wishes to play a series of basketball games in the gymnasium, it shall make a building deposit of \$15 returnable at the end of the season if no damage is done to the structure. In the event that the cost of any damage exceeds this \$15 deposit, the athletic club or group shall pay any additional charges.

5. Payment of this building deposit and payment of fees for practice games and regular games shall give players the privilege of using the showers and gymnasium so long as they exercise reasonable

care in the use of the property and create no nuisances.

6. The school department has first consideration in auditorium use. Any public programs or athletic contests shall in no way interfere with regularly scheduled school functions.

FINANCES

The School District has a deficit. It has been accumulating since 1939. The School Board took steps to remedy the situation last spring when the full extent of the deficit was learned. The Selectmen of Tilton and of Northfield have met with the School Board and a plan was agreed upon to finance the school department until the school district meeting of 1942. These are the facts.

1. In January and February 1940, a Budget was prepared to be presented at the school district meeting in March. The new high school had not been operated a full year and it may have been difficult to foresee the expenses which occurred several months later. The budget and the appropriation resulting from the vote of the school district were not sufficient to pay the bills.

2. At the school district meeting in March 1940, \$55,197.00 was appropriated. In June 1940, the Tilton Selectmen advanced \$1,000 of this to pay some of the bills incurred during the previous school year. The 1940 appropriation, particularly with this \$1000 reduction and an underestimated budget, was not large enough to cover the expenses.

3. There were several 1940-1941 Budget items which were exceeded.

Teachers' Salaries \$1,137.68

1. The total of the contracts of teachers was larger than anticipated.
2. An additional teacher had to be employed to handle a large enrollment in the Union school.

Textbooks \$145.85

1. Underestimated 10%.

Scholars' Supplies \$1,105.58

1. Shop and home economics courses needed materials costing \$1,233.29 and there was no allotment in the Budget.

Other Expenses of Instruction \$68.53.

Janitor Service \$348.05.

1. Additional service needed at the high school and some work during the summer at the Union School.

Water, Light, Janitors' Supplies \$402.77

1. Without a full year's experience as a basis, the high school expenses for water and and light were underestimated.

Transportation \$856.20.

1. Adjustment in the routes caused by families which moved and the addition of another bus trip after school opened in September 1940 made an increase in this item.

Minor Repairs and Expenses \$600.55

1. Hot water system for the Union School carried no appropriation and sewer trouble at

the Union School had to be eliminated.

New Equipment \$366.05.

1. Laboratory equipment at the high school, installation of gas, and purchase of office mimeograph caused this increase.

Lands and New Buildings \$1,079.02.

1. Grading

High School Tuition \$212.50

1. Pupils living near the Northfield-Franklin Line had tuition paid in Franklin High School.

Salaries of District Officers \$10.00

1. Increases

Insurance \$374.74.

1. Premiums due totalled that sum over Budget figure.

Interest, District Debt \$110.16

1. Interest on note taken in May 1941.

Administration \$477.54

1. Summer clerk for superintendent.
2. Headmaster's part-time clerk during school year.

TEACHERS' MEETINGS

One of the particular duties of the superintendent of schools is to lead his teachers in professional growth. For the most part, this is done by teachers' meetings, individual conferences, written communications, demonstration teaching, curriculum study, and directed observations.

To enlist the talents and abilities of the many teachers in the supervisory union, a series of teach-

ers' meetings was organized. These have been conducted during September 1941 by having teachers come to some central point in each school district of the union. A brief outline of the meetings is given below.

1. Handwriting—Mr. Harry Houston, Supervisor of Penmanship, New Haven, Connecticut. Tuesday, Sept. 2, Tilton-Northfield High School Library.

2. Creative Activities in the Schools, Basic English, and Administrative Matters. Wednesday, Sept. 3, Tilton-Northfield High School Library.

3. Reading—Demonstrators from Boston and New York.

4. Pictures in the Classroom, Individualized Instruction. Mr. Fred R. Bunker of Gilmanton and Miss Cathryn R. Hector of Concord were the speakers. Gilmanton Corner School, 4:00 p. m., Tuesday September 9.

5. Health, School Nurse's Work, Posture Correction. Mrs. Lurline H. McCook of Tilton and Mrs. Carrie C. Price of Concord were the speakers. Tilton-Northfield High School Gymn, 4:00 p. m., Tuesday, September 16.

6. Workbooks, Tests, Good Teaching Practices, Mr. Russell H. Leavitt of Concord. Gilford Grade School, Tuesday, Sept. 23, 4:00 p. m.

7. Enrichment of Classroom Work, Mr. Norman P. Sargent of Gilford, Tuesday, September 30, 4:00 p. m., Kezer School, Canterbury.

CONSERVATION

What is being done to conserve work materials?

1. Pupils are using both sides of every sheet of paper.
2. The care with which written work is done has been improved so there are fewer sheets of paper wasted.
3. Duplicated copies are prepared with exercises on both sides of the sheet.
4. The pencil sharpeners are kept in good condition.
5. The number of paper towels used by pupils is limited to a small daily allotment.
6. Tops of thermos bottles and cups carried in lunch boxes are replacing paper drinking cups.
7. Kraft papers and cardboards from home are being collected for posters and displays.
8. Desk covers for lunch and pasting operations are being made from the colored pages in the Ladies Home Journal, Saturday Evening Post, or some other large-sheet magazine.
9. The waste baskets, notebooks, workbooks, and desks are inspected every two or three days to discourage waste.
10. Conservation is being made a VIRTUE.

In what other ways are pupils being encouraged to save?

1. Tin and lead foil are being collected at home.
2. Newspapers and other waste papers are being saved for sale to junk dealers.
3. Tin cans and metal scraps are being collected.

4. Defense stamps and bonds are being purchased
5. Life-preservation squads are being trained.
6. Morale squads are being organized.

SUPPLEMENTARY REPORTS

You will find incorporated reports from the Headmaster of the High School, the Music Supervisor, and the School Nurse. There are some interesting facts in each of these and they show the good work which is being done and the service which is being rendered.

CONCLUSION

Upon reading this report, you may have questions about some phases of it. You are cordially invited to request additional information and we shall attempt to provide the facts desired.

As your superintendent of schools, I am grateful for the fine spirit which exists here. Together, we shall continue to maintain high standards in our schools and to establish practices which are

educationally effective, administratively efficient,
and financially sound.

Respectfully submitted,

DONALD P. MATTOON,

January 26, 1942.

Headmaster's Report

To Mr. Donald P. Mattoon, Superintendent of
Schools:

I am pleased to submit to you my annual report on the activities of Tilton-Northfield High School for the calendar year, January 1 to December 31, 1941.

ENROLLMENT

Enrollment shows a considerable increase over the previous year. The addition of about 25 boys from the Golden Rule Farm and 29 new pupils at the beginning of the school year accounts largely for this increase.

Enrollment from Sept. 4 to Dec. 31, 1941			
Junior High	Girls	Boys	Total
Grade VII	24	39	63
Grade VIII	31	36	67
Total	55	75	130
Senior High			
Grade IX	47	43	90
Grade X	29	22	51
Grade XI	31	20	51
Grade XII	15	17	32
Post Graduates	2	0	2
Total	124	102	226
Grand Total	179	177	356

(Last year's total was 339)

ATTENDANCE: ABSENCE AND TARDINESS

SCHOOL YEAR 1940-41

	Grades 9-12	Grades 7-8	State Avg.
Percent Attendance	93.8	93.5	95.2
No. tardiness per pupil	1.1	0.7	1.1

Our attendance was somewhat less than the state average, due largely to a very great amount of sickness which eventually brought about the closing of our school for four days in January, 1941.

Considering the school as a whole, the number of tardinesses per pupil is less than the state average. Much of this tardiness was beyond the control of the pupils, because, in several instances, school buses were late, requiring the recording of many bus pupils as tardy.

This year Submaster Peltonen is acting as attendance officer for the school, a practice which insures close supervision over attendance.

PUPILS LEAVING SCHOOL

Between the eighth and the ninth grades is a period when pupils frequently leave school. At this period New Hampshire school attendance laws do not compel pupils to remain in school unless they are 14 years of age. The so-called "grammar school education" seems complete. In some towns, pupils prefer not to transfer to another building in the district or start in a neighboring high school and so drop out of school. Here, the situation is different. In our six-year high school, with the eighth and ninth grades in the same building, there is a very slight loss in enrollment. It is revealing to compare this school's three-year record with that of the previous three-year period, when the district maintained no high school. The table shows a surprising decrease in the percentage of those pupils not continuing school after the eighth grade. It is evident that the boys and girls attending our new high school have, with few exceptions, continued their schooling into the ninth grade.

	No. of Pupils Completing Eighth Grade	No. of these Pupils Who Entered 9th Grade in the Fall	Not Continuing School
1936	50	43	14%
1937	62	50	19%
1938	51	41	20%
1939	66	62	6%
1940	53	49	7%
1941	68	66	3%

SCHEDULE OF CLASSES

A major change has been made this school year in the length of class periods. Class and study periods are now fifty-five minutes in length, rather than forty minutes as heretofore. There are now six periods in the school day instead of the former eight periods.

The longer period is being adopted in schools all over the country and is more efficient. For one reason, there can be a greater concentration on a subject with less changing from one course to another during the day. For another, supervised study can be better done by the teacher to help pupils get a good start on their assignments.

In our schedule this year, pupils have more time to study in school under good study conditions, freeing them from the preparation of school work during less favorable out-of-school hours.

SCHOLARSHIP DAY

Each year in May the high schools of New Hampshire send three-member teams of seniors to Plymouth and Keene Teachers College where they compete with each other by taking examinations

in various high school subjects. Our school was represented by English Grammar and U. S. History teams, each team making a very commendable record.

NATIONAL HONOR SOCIETY ESTABLISHED

In the spring of 1941, our school was honored by the establishment of a local chapter of the National Honor Society, an outstanding organization to which juniors and seniors are elected by their classmates and the teaching staff on the basis of their scholarship, character, leadership and service. The Laconia High School Chapter in a very impressive ceremony initiated the following charter members of our chapter.

Seniors

Lois Grant Carter
Irene Moira Chapman
Jacquelyn A. Crawford
Mary Martha Crawford
Dorothy Mae DeLangie
Beatrice May Gile
Margaret Mary Johnson

Juniors

Ernestine Elsie Cannon
Barbara Jean Dudley
Lela Elizabeth Tyrer

AWARDS AND HONORS

We are proud of the range, quality and number of awards and honors which our school is able to give at Commencement, due to the generosity and interest of many local organizations and individuals. In these awards not only is scholarship in academic subjects rightly recognized, but also there is deserved recognition given to excellence in practical arts work and extra-curricular activities

and to qualities of citizenship and character. Several new awards were given in 1941, and many are now established on a permanent basis.

The awards and honors with their recipients as they were given on Class Day, June 18, 1941, follows:

American Legion Good Citizenship Awards

Lois Howe and Raymond Gile

Music Awards—Mrs. Channing T. Sanborn, Donor

Lois Carter and Raymond Gile

Good Sportsmanship Awards in Athletics—

Dr. Archie Grevior, Donor

Jeannette Jordan

Lyman Cole

Madeline Murphy

Edward Sheldon

Tilton Holy Name Society Awards

For Excellence in Home Economics: Edna Moon

For Excellence in Shop Work: Mario Contigianni

Bausch and Lomb Science Award Roscoe Goodwin

Becker College Commercial Award, Emma Piszczek

D.A.R. Good Citizenship Pilgrimage Pin,

Margaret Johnson

Award for Character—Rev. J. O. Crowe, Donor

Eleanor Chapman

D.A.R. United States History Prize

Irene Chapman

The Channing T. Sanborn Award—

Given by the Rotary Club

Katherine Simpson and Forrest Graveson

Achievement Award—given by the Women's Club

Jacquelyn Crawford

Headmaster's Trophy

Joseph Ledoux

COMMENCEMENT ACTIVITIES

Programs follow for Baccalaureate on Sunday, June 15, Class Day on Wednesday, June 18, and Graduation on Friday, June 20, 1941, celebrating our second Commencement. A list of the thirty-four graduates is included.

THE BACCALAUREATE SERVICE

Processional	School Orchestra
Invocation	Reverend Sydney Adams
Hymn, "Holy, Holy, Holy! Lord God Almighty!"	
Scripture Reading	Rev. J. Osborne Crowe
Prayer	Rev. Hooper R. Goodwin
Selection, "Lift Thine Eyes"	(Mendelssohn)
	Treble Clef Club
Address	Rev. Robert I. Blakesley
Minister, The Congregational Church, Laconia	
Selection, "The Prayer Perfect"	(Stenson)
	Girls' Sextette
Hymn, "Now the Day is Over"	
Benediction	Rev. Mr. Blakesley

OUR SCHOOL LIBRARY

We are proud of the increasing service rendered to our boys and girls by our school library. Combined with our large study room, and at times serving two adjoining study rooms, it supplies needed reference and supplementary materials for all courses. The addition of several daily newspapers and a large number of current magazines this year has been greatly appreciated. There have been a good number of new books added this year also.

EXTRA CURRICULAR ACTIVITIES

Our new schedule this year has provided an activity period from Tuesdays to Fridays the last period in the school day for Grades 7 and 8. These junior high boys and girls have been enjoying a variety of interesting activities, including gym, airplane modeling, girls' glee club, dramatic club, boys' cooking class and arts and crafts work.

Notable achievements in senior high school activities have been a fine operetta given by the Treble Clef Club, a splendid enlargement of the school orchestra this year and the election of our school as a permanent member of the Pemigewasset League in both basketball and baseball.

This year all members of our school basketball and baseball squads are insured in case of accidents in the New England Secondary School Benefit Fund, with the school Activity Fund and the pupil each paying one half of the cost.

FINANCING EXTRA-CURRICULAR ACTIVITIES

The out-of-class activities of our school have been financed entirely by the boys and girls, with the exception of certain gate receipts. No funds have come from the School District for the support of these activities. All financial transactions are handled through a central fund, called the Student Activities Fund, with a faculty treasurer in charge. Pupils pay ten cents a week for twenty-five weeks for their Activities tickets which entitle them to attend all activities of the school. \$548.95 was raised in this manner during the school year, 1940-

At the beginning of each year, the Student Council gets up a yearly budget for the Activities Fund. It invites all organizations to submit their individual budgets and then works out the school budget, figuring anticipated revenue and spending the pupils' money as wisely as possible. The Activities Fund budget for the school year, 1941-42, is as follows:

Receipts—Estimated

Sale of Student Activities tickets	\$561.00
To be raised by special events	33.95
	<hr/>
	\$594.95

Expenditures—Estimated

The Tattler	\$92.00
Top-Hatters	25.00
Treble Clef Club	70.00
Orchestra	54.75
Athletics	155.00
Senior Class Play	25.00
Class Treasuries	112.20
Assembly Programs	45.00
Miscellaneous	15.00
	<hr/>

Total Expenditures \$594.95

NATIONAL EDUCATION WEEK

Our observance of National Education Week, November 9-15, 1941, was noteworthy. Many parents and friends visited classes on "open house" day. The Treble Clef Club gave a fine radio performance over Station WLNH. There were exhibits of pupils' work in store windows and in classrooms. An excellent performance was given at the school on Friday evening, November 14, which was very largely attended. The program follows:

Orchestra

"Let All Men Praise the Lord" (Mendelssohn)

1. Address of Welcome Dorothy Richardson

2. Play, "The Family Council Meets"
3. What's My Name?
Orchestra "Largo from Xerxes" (Handel)
4. Important Documents Leading to the Founding of Democracy.
5. Folk Dances, Mountain March, Ace of Diamonds
6. Choric Speaking
7. All Out for Defense
8. Treble Clef Club
9. Science and the U. S. A.
10. A Strong America for the World of Tomorrow

N. Y. A. PROGRAM

The fine aid our school has received for three school years under the N.Y.A. Student Work Program should receive some mention. The following chart shows the extent of this aid.

School Year	Amount	No. of Pupils Aided
1939-40	\$270	10
1940-41	300	12
1941-42	270	13
<hr/>		<hr/>
Total	\$840	35

A good number of pupils have been financially aided, and in return for this help, they have worked hard in a variety of tasks including clerical work in the office, helping to prepare school lunches in the cafeteria, aiding the janitor in his many duties and assisting in the management of the school library.

GUIDANCE AND SUPERVISION

The Headmaster has been able to hold many

more pupil conferences this school year than in previous years, because of a reduction in his teaching load. These conferences have been largely of a guidance nature: to help pupils in their choice of a life's work, to assist them in their choice of courses in future years, to aid them in solving their various school problems. Frequently these problems are discussed with parents too.

Also, in order to assist pupils and teachers in making classwork as valuable as possible the Headmaster has been able to spend much more time this year in the classrooms, observing the work, making suggestions, helping to solve difficult problems.

SERVICE TO COMMUNITY

In a variety of ways our school is trying to be of service to our community. It is not and should not be apart from the life of the community; it should take a full share of responsibility for the welfare of the community. It should be aware of community problems and should help in their solution. Here are some of the ways in which we have tried to help. Realizing that schools cost money, we have tried in many ways to practice economy. We have done considerable duplicating, mimeographing and clerical work for community organizations. Last spring when there was a shortage of help we arranged the schedules of several seniors so that they could work in some of the factories. We began the establishment of an employment bureau. We did our part in the U.S.O., and Red Cross membership drives. Our home

economics girls did work on Red Cross garments.

With the need for strong, cooperative community action even more necessary now that we are at war, our school shall not be found wanting.

MAKING DEMOCRACY EFFECTIVE IN OUR SCHOOL

We realize that the primary responsibility for the administration of the school rests with the headmaster and the teachers, but at the same time we are eager for pupil suggestions; we want pupils to be interested in making a better school; we solicit their active support to this end. This sharing of responsibilities is part of democratic living; it is our purpose in all the activities of our school; in the classroom work, in the out-of-class school activities, in our community relations and in the administration of the school. We want pupils to practice democratic living in our school, to know its responsibilities as well as its privileges, to be aware of its fine advantages.

This is no small task, but it is one we shall try continuously to carry out. We have made some encouraging progress. Our Student Council, composed of a boy and a girl representative from each class with the submaster and the headmaster, administers the Student Activities Fund, which has already been described. It has planned the program for the lunch hour and has recently worked out an extension of activities for this hour, after

having received suggestions from the student body. It has planned assembly programs. It managed a very successful Carnival last year, to raise money for athletics. It supervises a very active School Safety Patrol.

This school year, several assemblies have been held for the purpose of giving pupils an opportunity to express their constructive criticism of the school, to make recommendations and suggestions. For example, one suggestion arising out of such an assembly last Fall resulted in the lengthening of the lunch period, to the satisfaction of a great majority of the pupils. It has been encouraging to see how willing the pupils have been to say what they think in these assemblies.

At times, the questions or problems under discussion have been introduced in an assembly and then pupils have gone to their home rooms where discussions have continued in smaller groups. The topic of one such discussion concerned the uses pupils would like to see made of our school building and equipment in the evening. The fine suggestions made are being considered by the Student Council, which will make recommendations concerning them.

I wish to express my appreciation of our fine boys and girls who are grateful for their opportunities and are eager to develop themselves, of our teachers who are working hard to make a good school, of parents, townspeople and their representatives on the School Board for their coop-

eration, financial support, and goodwill. I am also grateful for your deep understanding and fine helpfulness in the many activities of a modern school.

Respectfully submitted,

WILLARD H. SMITH, Headmaster

Music Supervisor's Report

To the Superintendent of Schools:

The music work in the Tilton-Northfield Union School District has been considerably enlarged this year through the organization of a concert band and a dance band. In addition to these there has been a marked increase in the number of pupils in the orchestra with about twenty-five pupils now participating in this. All three groups are under the direction of Mr. Ernest F. Fiske. Free lessons on stringed, woodwind, brass, and percussion instruments are given to all pupils who wish them.

The Treble Clef Club has been enlarged to a membership of about fifty pupils. It is mastering increasingly difficult music, looking forward to its annual trip to the State Music Festival in Claremont, May 14-16, 1942. Besides the Treble Clef Club and its small subsidiary groups, the Music Supervisor directs and teaches a senior high course

Instruction periods are held on Monday and in Art and Music Appreciation.

Thursday afternoons at the Union School and during a portion of Friday afternoon at the Oak Hill School.

The classroom teachers in the first six grades do most of the practice work in music which includes song-singing, quiet listening, rhythm work, and technical study. The supervisor plans and organizes the work in the elementary groups for each of the nine groups at their levels of music ability

and assists the teachers to carry out the general and specific aims of the correlated music program.

Respectfully submitted,

RUTH F. SAWYER, Music Supervisor

Report of School Nurse

To the Superintendent of Schools:

During the fiscal year 1941, the school nurse assisted the school physician while inspecting 655 children. The nurse made visual tests of each child and with the aid of an audiometer, loaned by the State Board of Education, tested the hearing of the children in all local schools. She has also kept records of these inspections and notified the parents of each child with a defect.

Thirty-nine cases of diseased tonsils and 62 cases of defective vision have been corrected while 38 more are under treatment for faulty vision. Three children have skin diseases but 25 other cases have been overcome. Five children are having orthopedic treatment and eight more are attending posture classes, hoping to avert bony deformities. Thirty-four children were found to be somewhat hard of hearing and the four most severe cases are attending a lip reading class taught by Mrs. Joseph A. Robert.

Thirty-six children attended a local Tuberculosis Clinic and one was hospitalized as the result of the findings. One other new hilus case was found while nineteen others showed improvement and the others had negative reports. Fourteen children were taken to various clinics in Laconia, two to Manchester, and one to Concord.

A talk on the "Care of Children" was given to the homemaking class at High School, one on

the "Common Cold" was given to the High School students and one on First Aid and Morning Inspection to the teachers. A moving picture on safety was arranged for the children of Union Graded School.

The whole-hearted cooperation of the Supt. of Schools, the entire school staff, of the parents and of the children has made these results possible and is very much appreciated.

Respectfully submitted,

LURLINE H. McCOOK, School Nurse.
